

## Sun Tracker V2 (PST2)

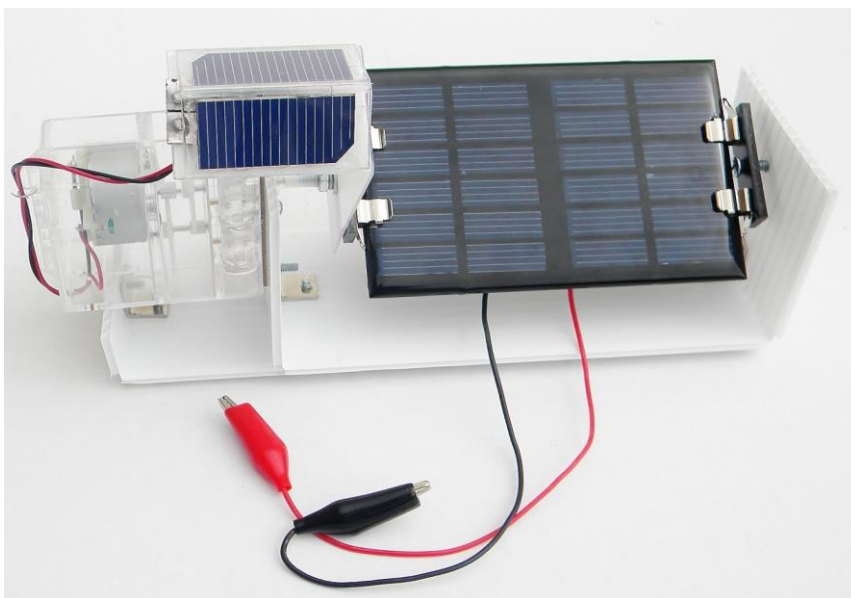

### General Description

Follow the Sun all day and power random devices in your classroom or at home. At just under one Watt of power, experimentation is limitless. If you are looking to create some heavy duty data analysis, just add the Renewable Energy Monitor which is 100% compatible and take your research to the next level.

It is great for Physics, Environmental Science, and Renewable Energies classes as a hands-on lab and ideal for students from high school to even college.

### Technical specifications:

- Power: 9 Watts
- Panel: 6V @150mA
- Alligator clips included for experimentation.
- Size: 29 x 23 x 7 cm
- weight: 1.3kg

Μοναστηρίου 7, 14565 Άγιος Στέφανος
